

## LOSANGES D'OR

▶ Les losanges d'or sont construits à partir de triangles d'or.

▶ Il existe 2 types de losanges d'or : 72°/108°/72°/108° et 36°/144°/36°/144°.

Euclide, "Eléments".

$$x^2 = x+1$$

$$x = \frac{1+\sqrt{5}}{2}$$

$$x = +/- 1,6180339$$
